November 2006

To the People of the City of Plymouth, City Council, and Committee on Aging,

The University of Wisconsin-Extension Sheboygan County Office is pleased to submit this report which contains results of the Plymouth Area Community Survey on Current and Future Needs. The survey was conducted at the request of the City of Plymouth Committee on Aging to identify current and future issues and needs of the aging population in the Plymouth Area.

In addition, the report also highlights demographic trends within the Plymouth community, which undoubtedly will have an impact on future needs.

Overall, the contents of this report should provide an opportunity for discussion and hopefully, positive action. Please study the report and get involved, for the quality of life in the Plymouth area will be as great as you are willing to make it.

Sincerely,
